

# UHF 100 PMR

***One of the Worlds' smallest Two-Way Radios now with professional PMR-Technology***

- Up to 5 km range ●
- With integrated Paging-System and Baby-Intercom ●

As a successor of the previous model UHF 69 and UHF 70 the UHF 100 PMR is the only PMR radio which offers the new calling code function and therefore can also be used as a portable paging-system.

UHF 100 allows you to provide a single and special calling code to every member of a group. If a call comes in, the number of your partner is shown in the display. Of course it is also possible to address to a group of receivers at the same time.

The UHF 100 is the radio for the demanding user requiring high technology with small size.

- 500 mW output power for up to 5 km range
- 8 channels
- Automatic speech transmission (VOX), adjustable in 16 steps
